

Sheridan Park Meeting

8-19-21

7:00 PM.

- Members present: Jim Key, LaVern Andrews, Jerry Grimminck.
- Absent : Mikayla Smith, Jay Meerman.
- Rentals: The pavilion has been reserved a few times this past month, clean up by the users has been good. Jerry did wash the picnic tables this month.
- Makala informed Jim, she was leaving the committee due to other commitments.
- Culverts: Jim will contact Mark Kuperus to put in the culverts for the bridge.
- Jim has been working on cleaning up the trails and wind damage done to the trails this month. A few large branches and trees will require his tractor. Some trails are still blocked or restricted by trees and branches that are down.
- Clearing the upper field: Talks are still being had to clear the upper field and plant a wildflower field, later this fall would be a better time to brush hog the field. We should start to inform the public of our intent to remove some of the unwanted trees in order to have the wildflower meadow.
- 40 Acre woods: No word has been received about the grant that was applied for.
- South Evergreen Schoolhouse property was not hit too hard by the storm this month, Jim was able to pick up the branches so mowing can be done.
- Public comment: None
- Next Meeting: 9-16-21
